The Renewal of Vigor.

The most important step in this process is the restoration of the functions of digestion, and assimilation to full and uninterrupted exercise, since it is upon their activity alone that the system can depend to replenish its dwindling store of energy. An effective tonic which the voice of the people and the high professional endorsement approve as reliable, Bostell's Stomach Bitters has long been recognized as the best. Its properties as a medicated stimulant connected it to all persons suffering from the effects of fatigue, mental or bodily, as an immediate means of counteracting their effects; and in cases where loss of vigor is attributable to such weakening chronic causes as dyspepsia, affections of the kidneys and bladder, and the infirmities peculiar to age, it produces permanently beneficial results. Those twin obstacles to health and vigor, liver complaint and constipation, are also removed by it. It also prevents and cures malarial disease.
